

Errata for Combinatorics II Problems and Solutions: Counting Patterns

by Stefan Hollos and J. Richard Hollos

Paper ISBN 978-1-887187-32-9

Ebook ISBN 978-1-887187-33-6

Publication date: Nov 2016

This errata sheet is for the paper edition and the Kindle edition. The pdf version does not contain these errors.

- **pg 6, 6th line after equation 1 (second sentence after equation 1 of Counting Words section)**
“Letters x’ and y” should be “Letters x and y”, that is, the apostrophe after the x should be removed.
- **pg 12, Second sentence (second sentence of third paragraph of Finite Automata section)**
The entire sentence, that starts with:
“At the end of the book”
should be deleted.
- **pg 19, 4th line after the matrix (third sentence after first matrix of Generating Functions section)**
“state 0 will transition back to itself only on a 1”
should be:
“state 0 will transition back to itself only on a 0”.
- **pg 132, First line of solution to Problem 45**
“The only difference between this and Problem 9” should be
“The only difference between this and Problem 44”. That is, the “9” should be “44”.
- **pg 185, Last sentence of solution to Problem 74**
“The integer sequence is identical to the sequence we calculated in Problem 68.”
should be:
“The integer sequence is identical to the sequence we calculated in Problem 70.” That is, the ‘68’ should be “70”.
